The London Gazette.

Published by Authority.

From Tuesday November 27, to Saturday December 1, 1753.

Naples, October 30.

THEIR Majesties and all the Royal Family continue at Portici with the whole Court, where great Preparations are making for celebrating, on the 4th of next Month, the Feast of St. Charles, whose Name the King bears; after which, the Chevalier de Guevara, lately appointed Envoy Extraordinary from this Court to that of Portugal, will set out for Lisbon. By Letters received this Week from the Coasts of Calabria, and from those of Sicily, we have Advice, that several Vessels, bound for this City with Provisions, have been cast away in the late tempestuous Weather, and most of their Crews perished.

Leghorn, Nov. 2. We are informed by our last Advices from Bastia, that the Troubles of Corsica seem rather increased than diminished since the Death of Gafforio. They write from the Lunegiana, that most of the Rivers in that Country have overflowed their Banks by the late heavy Rains; and that large Tracts of Land are thereby laid under Water, to the inexpressible Damage of many of the Inhabitants.

Rome, Nov. 3. 'Tis now confidently reported, that the long expected Promotion of Cardinals will certainly take Place before the End of this Month. The young Prince Czartorisky, of Polish Extraction, who has been to visit most of the principal Courts in Europe, arrived here on the 27th past, with a great Retinue, and proposes staying some Time.

Milan, Nov. 6. Count Apremont, whom the Empress Queen of Hungary has appointed Commander of her Forces in Austrian Lombardy, under the Orders of the Duke of Modena, is daily expected here, most of his Equipage being already arrived.

Vienna, Nov. 10. Her Imperial Majesty has appointed Count Argenteau to be Commander of the Imperial Troops in Sclavonia, in the Room of General Count Gaisrugg, who has obtained Leave to resign.

Copenhagen, Nov. 13. The Queen is perfectly recovered from her late lying-in, and proposes to appear in Publick To-morrow for the first Time. The Baron de Thienen, Envoy Extraordinary from this Court to that of Prussia, having, on Account of his ill State of Health, obtained his Letters of Revocation, the King has appointed Count Ahlefeld to succeed him. They are actually at Work here, and in other Ports of this Kingdom, in equipping six Men of War and four Frigats: These Ships, when ready, are to form a Squadron, and sail for the Mediterranean, in order to protect our Navigation and Commerce from being molested by Spanish Men of War, our late Disputes with that Court, giving Occasion for this Precaution. Prince Frederick of Brunswick, the Queen's Brother, is still here, neither is there any Time fixed for his Departure for Berlin.

Paris, Nov. 16. M. Durini, the Pope's Nuncio, having taken his Leave of the King and Royal Family, set out this Morning on his Return to Italy. They write from Dijon, that on the 4th Instant died there, in the 70th Year of his Age, the Viscount de Tavannes, Knight of the King's Orders, and his Majesty's Lieutenant General of the Country of Maconnois in Burgundy, and Governor of the Town and Castle of Macon.

Enkheusen, Nov. 20. The Princess Governante having recommended M. Bolk to be Pensioner of this Town, in the Room of M. Straalen, who is appointed one of the Directors of the East India Company, our Magistrates have accepted of her Royal Highness's Recommendation, and have accordingly chose him into that Office.

Hague, Nov. 22. This Morning died here, after a lingering Illness, in the 72d Year of his Age, the Baron de vander Duyn, Lord of Gravemoer and Beuthorn, Member of the Body of Nobles of Holland and Westfrizeland, and President of the Committee of Council thereof; and one of the Directors of the East India Company of these Provinces.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms: But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quincies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſſes proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North-Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again; and by James Eſdall, Printer, on the Blind Quay, Dublin.

* See a Diſſertation on Fevers, and other Inflammatory Diſtempers, ſold at the Place above-mentioned. Price 6 d.
